

A Program for On-Going Savings

**Introducing... OverVIEW+:** *Powered by Performance.* OverVIEW+ is a cost management tool that will help keep your company competitive in the dynamic telecom and wireless industry. Listed below is a brief description of the services you will benefit from as an OverVIEW+ preferred client.

Each quarter you will receive a customized management report detailing your ongoing savings, changes made on your account, and recommendations we may have to reduce your expenditures.

No matter the business climate, OverVIEW+ will be a valuable asset in your constant struggle to control your telecommunications and utilities expenditures.

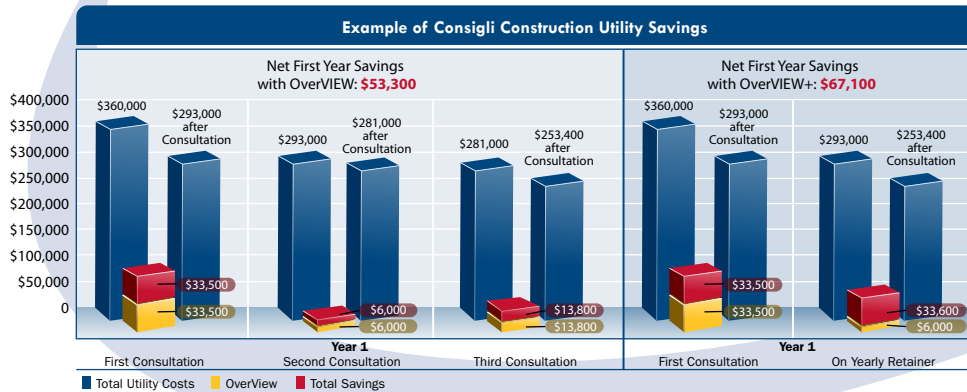

**With OverVIEW+, you will:**

- Be the first to find out about—and leverage—offers in the dynamic telecom and wireless industry.
- Gain exclusive access to OverVIEW's industry knowledge and expertise.
- Get immediate and objective evaluation of those annoying (and time consuming) sales calls from prospective vendors.

**Benefits to OverVIEW+ Clients:**

- Even deeper discounts on OverVIEW's services!
- Customized reports that detail your ongoing savings.
- Expert evaluation of sales solicitations to determine their impact (if any) on your business.

As always, we're there every step of the way to make sure you get the most value from telephone, wireless and internet service providers.

Above: This savings analysis chart outlines the ongoing savings of OverVIEW+ vs. OverVIEW's standard contingency plan. Consigli Construction has realized an additional cost savings of \$13,800 through their enrollment as an OverVIEW+ client.
